FUEL PRICING

Imperial Oil assures its customers of market-responsive pricing that is competitive with other suppliers. We are committed to customer satisfaction.

FUEL QUALITY

Imperial Oil fuels are compliant with international fuel quality specifications (ISO 8217 standards for marine fuels). To ensure that all products sold to customers meet this fuel quality, samples are sent to an independent laboratory for testing.

“Imperial Oil is a leading distributor of petroleum products in Canada, with an extensive network and a variety of delivery options to meet customer requirements.”
