Tools to boost efficiency

Our Customer Terminal Interface (CTI) is now accessible to you. The interface includes MITAS (Midstream Integrated Terminal Automation Solution), which has been deployed at 16 terminals in Canada, with the remaining eight scheduled by the end of this year. These tools are designed to help save time and money through enhanced terminal communication and faster bill-of-lading (BOL).

Winter is closer than you think

The weather might be warm now but be prepared for the cold months ahead by checking out our expert maintenance tips. Pre-blended winterized diesel fuel, for example, can help keep vehicles fully operational in low temperatures and help minimize fuel gelling.
